We've had quite a few 'in fill' planning permissions and most of these speculative buildings that have been finished are still for sale.

The possibility of a speed limit in the village is still alive, we should know in the next few months one way or the other.

The Horse Chestnut has been treated and may last for a few more years. The recommendations from the Highways Department was to plant a new tree so that when the time comes to fell the Chestnut, the replacement will be well established.

We lost one of the Wellingtonia's in the High Street even though it had a TPO on it but managed to save the other one, which was heading the same way.

I would like to thank my fellow councillors for their help during the year and to our very able Clerk, David Lardner, for the hard work he put in.
